EXTERIOR VIEWS

- CA-2688-1 Contextual oblique view of north side and east rear, view to southwest from Franklin Street showing partially cleared freeway right-of-way, and line of mature deodar cedar trees along North Fulton Avenue.
- CA-2688-2 West façade, view to east showing deep front porch, symmetrical design, pedimented projecting front cross-gable dormer.
- CA-2688-3 North elevation, view to south, showing broad gambrel roof with bell-cast lower pitch.
- CA-2688-4 East elevation, view to west. Stairs at left lead to second floor sleeping porch.
- CA-2688-5 Oblique view of south elevation, view to west-northwest. Proximity of adjacent house and fence precluded full elevation view. Note extensive use of clinker brick in chimney.
- CA-2688-6 Detail, oblique view to southeast of front porch, showing clinker brick plinths and foundation, Doric columns, simple balustrade.
- CA-2688-7 Detail, view to south showing depth of front porch, columns and pilasters, balustrade, frieze, and tongue-and-groove ceiling.

INTERIOR VIEWS

- CA-2688-8 Entry hall, view to east. Note that newel post and stair and landing balustrades are missing.
- CA-2688-9 Living room, northwest front apartment, view to northeast.
- CA-2688-10 Living room, southwest front apartment, view to south showing fireplace, flanking casement windows and window seats.
- CA-2688-11 Second floor stair hall, view to southeast.
- CA-2688-12 Front bedroom in front dormer, view to west-southwest, showing 18/1 double-hung sash.
- CA-2688-13 Detail, newel post, second floor stair landing, view to southeast.
